

Cytel President and Co-Founder Cyrus Mehta Selected for 2015 IISA Life Time Achievement Award

*IISA Award Committee cites exemplary leadership, commitment to the
association's mission of advancing the statistical sciences*

Cambridge, MA, December 18, 2015 – Cytel the industry's largest biometrics-focused CRO was notified by the IISA Executive Committee that Cytel's Co-Founder and President, Dr. Cyrus Mehta will receive the 2015 IISA Life Time Achievement Award at the International Indian Statistics Association's upcoming annual conference in Pune, India, December 20 - 24.

The IISA in their announcement noted their unanimous decision was based on Dr. Mehta's "exemplary leadership and unrelenting support for the IISA organizations' cause since its inception in 2001.

Remarking on the news, Cyrus said: "I'm so very grateful for the recognition and hope others will join around the world to advance the application of statistical sciences to better understand and hopefully, help to improve our world. Looking at the names of the previous recipients of this award I am absolutely humbled and amazed to be added to the list. I sincerely thank the IISA executive committee for this great honor."
